JOIN INDIA'S

FIRST NEXT-GEN FUTURISTIC CAMPUS

OUR RICH LEGACY

Known for its unmatched academic excellence and pushing the frontiers of knowledge through cutting-edge research, Chandigarh University is a leading Indian institution, nurturing young minds to have a definitive edge in the highly competitive job market.

In more than a decade-long legacy, we have been ranked first among the private universities in India as per the esteemed QS Asia University Rankings 2024 and among the top 30 universities in the NIRF Rankings 2023 released by the Ministry of Education, Government of India.

The University is also bestowed with A+ accreditation by the National Assessment and Accreditation Council in the first cycle itself and is among the league of 0.1 percent of Indian Universities that have their engineering programs accredited by the prestigious Accreditation Board for Engineering and Technology (ABET), a US-based premier global accreditation body.

Chandigarh University has a sprawling 150-acre smart campus with state-of-the-art facilities and world-class infrastructure with cutting-edge equipment and technology. Home to students from 28 Indian states, its 8 Union Territories, and 65 countries around the world, the University has transformed into a unique learning universe.

As students begin their higher education journey with us, they join a community that treasures talent, embraces diversity, and thrives on innovation.

Chandigarh University's Educational Excellence **Now in Lucknow**

Envisioned to foster a culture of sustainability and empower future global leaders, Chandigarh University Lucknow campus will immerse 21st-century learners in a personalized and experiential learning journey, integrating a multidimensional futuristic education perspective in harmony with global humanistic values.

Our Lucknow campus carries forward the venerable legacy of more than a decade of Chandigarh University, which has established itself as India's Leading Private University and a torchbearer of groundbreaking pedagogy and research-driven innovation. The distinguished legacy and incredible voyage of Chandigarh University in the global educational landscape bespeaks its deep-seated commitment to academic integrity, interdisciplinary excellence, and nurturing the next generation of changemakers and proficient professionals.

Fueling young minds to keep their passion and career aspirations entwined, the AI-integrated CU Lucknow campus will offer a broad spectrum of industry-driven futuristic academic programs, encompassing corporate mentorship, international perspective, intellectual development, value-centric learning, community engagement and service, cultivation of entrepreneurial spirit, and professional competencies.

With world-class infrastructure embedded with sustainability, state-of-the-art makerspace and top-tier research hubs, extensive international and industry collaborations, distinguished doctoral faculty, and esteemed industry mentors, CU Lucknow campus will equip learners with versatile skills of cross-disciplinary relevance and prepare them to have a definitive edge in the contemporary era of global competitiveness.

Why Chandigarh University Lucknow Campus?

AN ENDURING LEGACY OF TRUST

At Chandigarh University, we're proud of our rich legacy built over a decade of global education eminence. With top global rankings, accreditations, and awards, we have demonstrated our distinction in cutting-edge research, forging collaborations with leading industry and international institutions. Our fleet of accomplished alumni holding top positions in the world's leading companies stands as a testament to our top-tier education.

ACADEMIC EMINENCE

At the core of our academic model lies our dedication to groundbreaking research, cultivating an environment where intellectual curiosity and pioneering discoveries flourish. Our distinguished faculty, comprising of eminent scholars with doctorates and rich industry experiences, will bring unparalleled expertise and a passion for teaching that invigorates the students' learning experience.

INNOVATIVE ACADEMIC MODEL WITH FUTURISTIC OUTLOOK

Our academic framework is distinguished by its holistic and interdisciplinary approach, offering students a flexible structure and bespoke learning trajectories. With a profound emphasis on Science, Technology, Engineering, and Mathematics (STEM) education, we will groom students for pioneering roles in forefront industries and technologies.

ADVANCED CENTRES OF EXCELLENCE

Our university is home to Centers of Excellence, each dedicated to advancing knowledge and ingenuity in diverse fields. The COE in ESG (Environmental, Social, and Governance) and Public Policy, AI and Data Science, and Digital Transformation will offer unparalleled opportunities for driving research and innovation, cultivating scholarly distinction and pioneering advancements in different domains. The Maker Space at our campus will provide a vibrant environment that nurtures creativity and encourages inventive thinking among students.

PROGRESSIVE PEDAGOGY

At the core of our academic model lies our dedication to groundbreaking research, cultivating an environment where intellectual curiosity and pioneering discoveries flourish. Our distinguished faculty, comprising of eminent scholars with doctorates and rich industry experiences, will bring unparalleled expertise and a passion for teaching that invigorates the students' learning experience.

ECO-CONSCIOUSNESS AND SUSTAINABILITY

We are dedicated to sustainability, as clearly evident in our environmentally conscious institution design. The varsity presents a harmonious blend of eco-friendly initiatives, energy-efficient infrastructure, and lush green spaces. It aims to promote entrepreneurial leadership, and digital proficiency to shape ethical global citizens who excel in collaborative communication and research. Additionally, a sustainability mindset permeates the university, inspiring students to embrace eco-friendly practices and contribute to a greener future.

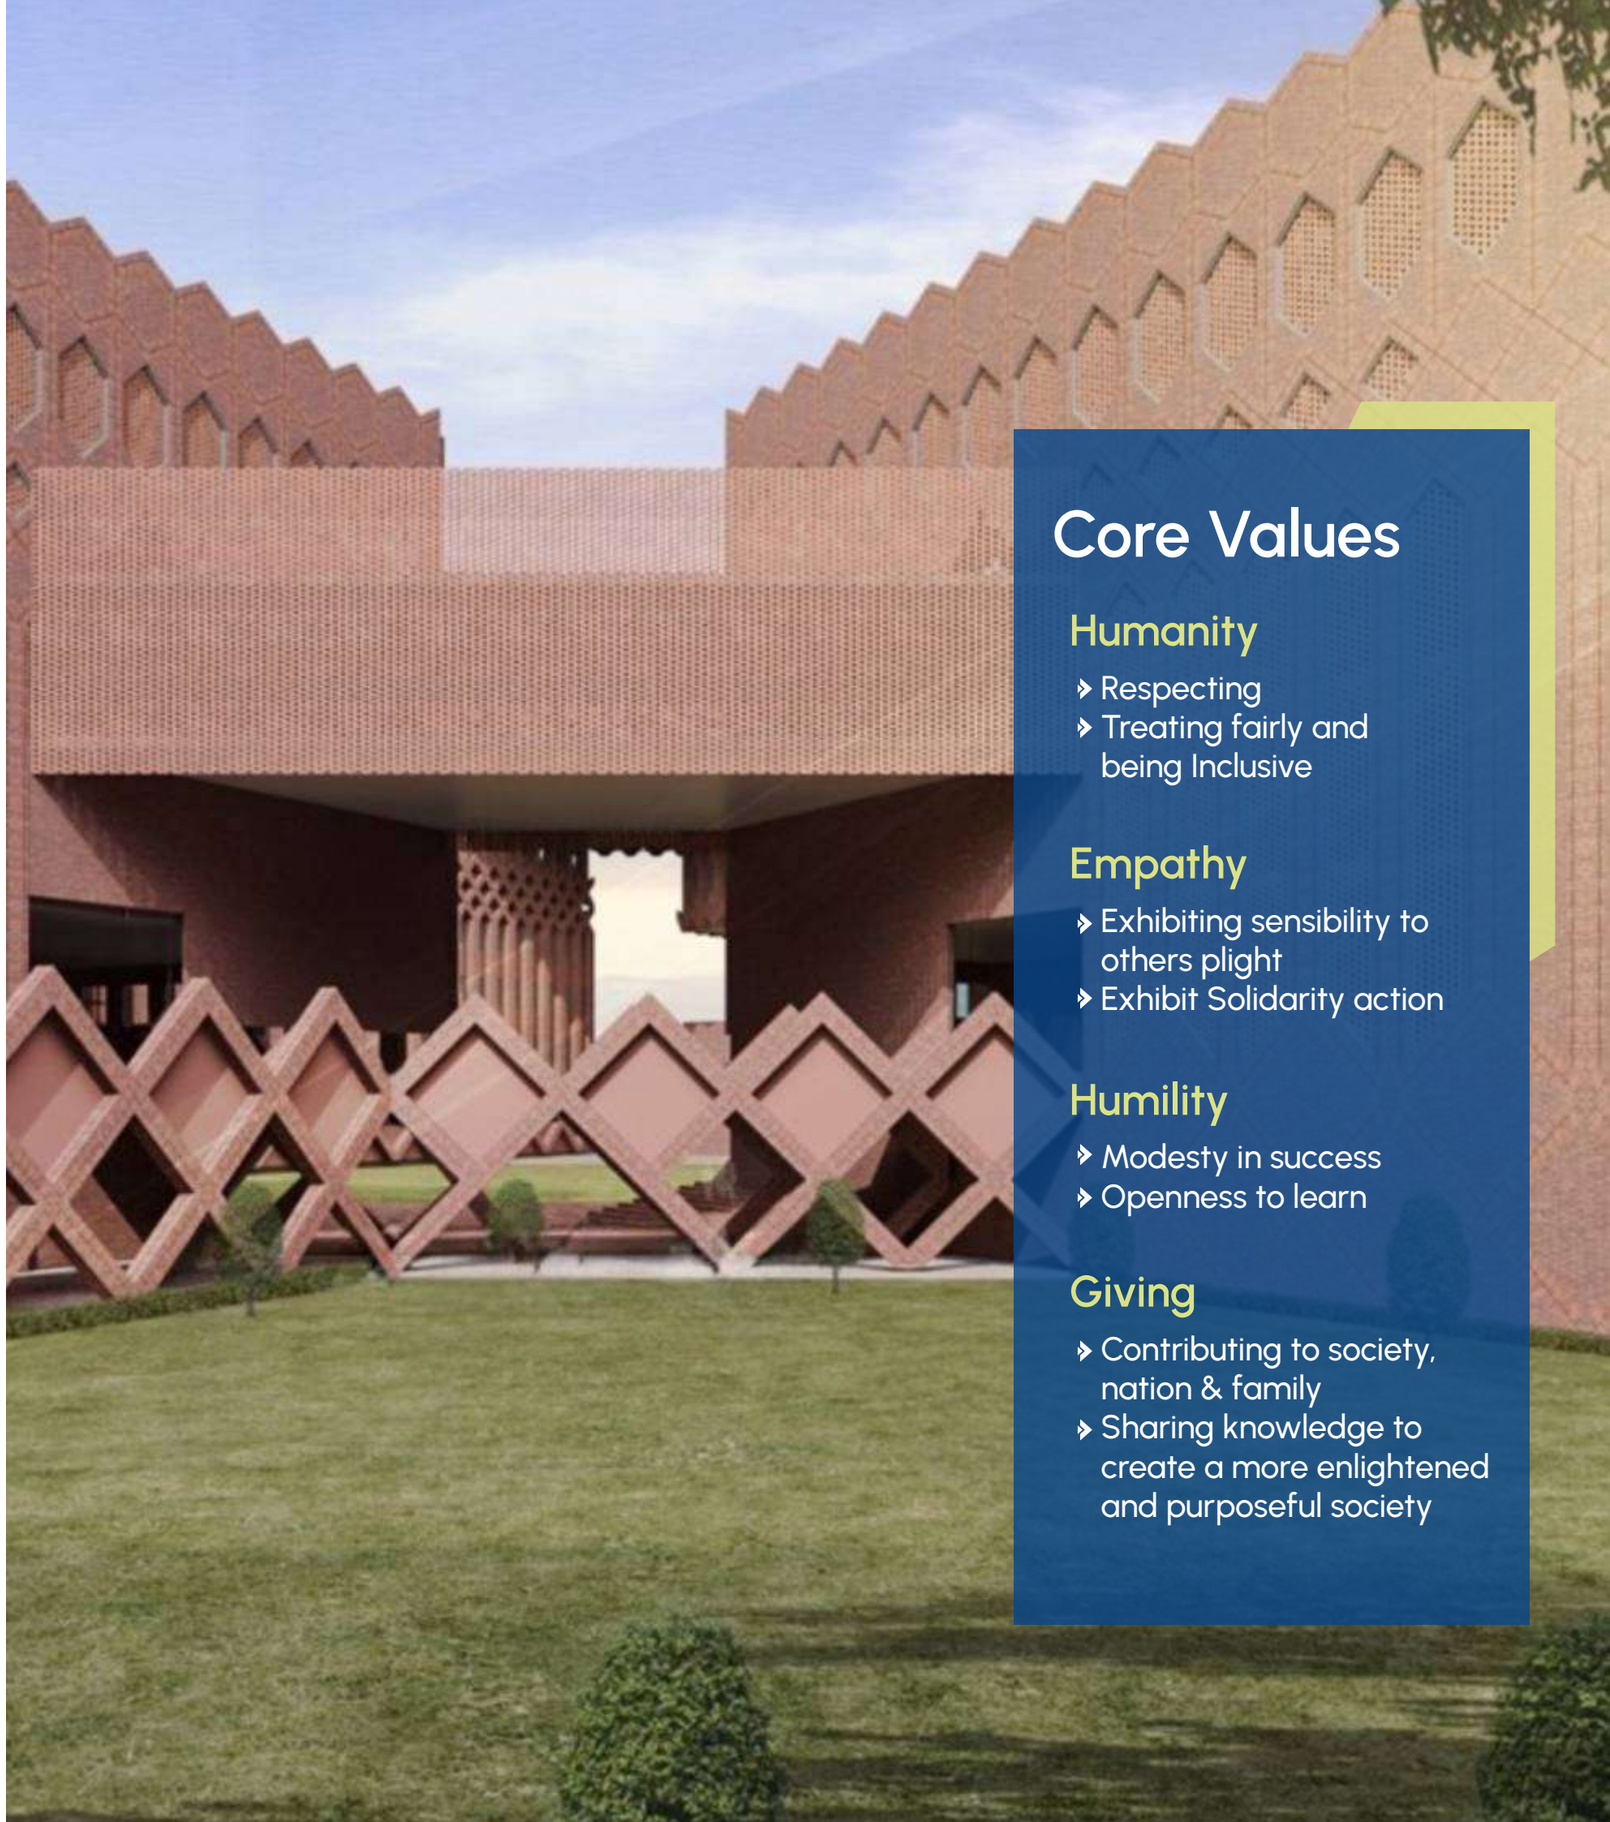

Our Vision

To be globally recognized as a Centre of Excellence for Research, Innovation, Entrepreneurship and disseminating knowledge by providing inspirational learning to produce professional leaders for serving the society

Our Mission

- Providing world class infrastructure, renowned academicians and ideal environment for Research, Innovation, Consultancy and Entrepreneurship relevant to the society.
- Offering programs & courses in consonance with National policies for nation building and meeting global challenges.
- Designing Curriculum to match International standards, needs of Industry, civil society and for inculcation of traits of Creative Thinking and Critical Analysis as well as Human and Ethical values.
- Ensuring students delight by meeting their aspirations through blended learning, corporate mentoring, professional grooming, flexible curriculum and healthy atmosphere based on co-curricular and extra-curricular activities.
- Creating a scientific, transparent and objective examination/evaluation system to ensure an ideal certification.
- Establishing strategic relationships with leading National and International corporates and universities for academic as well as research collaborations.
- Contributing for creation of healthy, vibrant and sustainable society by involving in Institutional Social Responsibility (ISR) activities like rural development, welfare of senior citizens, women empowerment, community service, health and hygiene awareness and environmental protection

Core Values

Humanity

- Respecting
- Treating fairly and being Inclusive

Empathy

- Exhibiting sensibility to others plight
- Exhibit Solidarity action

Humility

- Modesty in success
- Openness to learn

Giving

- Contributing to society, nation & family
- Sharing knowledge to create a more enlightened and purposeful society

Chandigarh University

Your Gateway to Global Learning

500+
Top-Ranked University Alliances in 95+ Countries

1700+
Students Flew Abroad under Exchange Programs

340+
Paid Internships in **WALT DISNEY, USA**
(Highest in the Region)

Our extensive network of collaborations with some of the world's most prestigious universities opens doors for students to enrich their education through a diverse array of international programs

GO GLOBAL WITH OUR INTERNATIONAL PROGRAMS

International Transfer Programs
An International Transfer Program (ITP) allows you to complete an initial part of your degree (1 or 2 years) at CU and transfer to another country to get a complete degree from a foreign university.

Semester Exchange Programs
Let your education transcend borders by dedicating a semester of your education at our partner universities worldwide.

Cultural Exchange/Summer Programs
This program elevates your resume by blending earning with learning, fostering personal growth, expanding your horizons, and equipping you with the skills to thrive in a globalized society.

Executive Leadership Programs
Elevate your business leadership skills and navigate your career path through today's global economy with this unique program.

Project Semester Programs
This program integrates academic study with valuable work experience. You can engage in a two-month study program with extended internships for 3-4 months.

Higher Studies Programs
This program offers an opportunity to pursue a master's degree, a certificate, or a diploma program in international universities for a wide range of courses.

Industry-Aligned Academics

Shaping Future-Ready Professionals

At Chandigarh University, we bridge the gap between academia and industry with our strategic partnerships with multinational corporations. Through these collaborations, we offer students an education that is aligned with industry standards, backed by state-of-the-art infrastructure, and enriched by corporate mentorship opportunities. Our goal is to empower students with the skills and knowledge needed to excel in their chosen fields, making them industry-ready from day one.

& many more...

Research-Driven Academics

Empowering Minds, Advancing Knowledge

Chandigarh University is dedicated to cultivate a culture of innovation and discovery through our research-driven academic approach. With collaborations with renowned universities worldwide, we offer students unparalleled research internships opportunities. Our curriculum is diligently designed to emphasize research, ensuring students are equipped with the skills and knowledge needed to tackle real-world challenges. Coupled with cutting-edge research facilities, we empower students to push the boundaries of knowledge and make meaningful contributions to their fields.

Advanced Laboratories

Transforming Ideas into Reality

Our aim is to cultivate innovation, practical skills, and a fervent passion for research among our students through our state-of-the-art labs. Equipped with modern technology, these labs provide an immersive environment that encourages students to delve deep into their fields of study, facilitating a better grasp of concepts and fostering hands-on learning experiences.

AI AND MACHINE LEARNING LAB

Specialized lab providing students facilities to experiment with AI and machine learning models, fostering a hands-on understanding of these cutting-edge technologies.

FINANCIAL MARKETS LAB

Simulated trading floor with real-time data and trading software to give students hands-on experience in financial markets, investment strategies, and risk management.

CLINICAL SIMULATION LAB

Lab to provide students with hands-on clinical experience in a controlled environment, enhancing their diagnostic and treatment skills.

DIGITAL FABRICATION AND PROTOTYPING LAB

A cutting-edge lab where engineering students can bring their ideas to life using 3D printing, CNC machining, and electronics prototyping tools.

CYBER-PHYSICAL SYSTEMS LAB

Lab providing hands-on experience with latest and emerging technologies such as IoT, robotics, embedded systems, automation, and smart systems.

DATA ANALYTICS LAB

A dedicated lab for students to work on data analytics projects using real-world datasets, learning analytical skills, uncover insights, and transform raw information into actionable intelligence.

MATERIAL SCIENCE LAB

Lab where mechanical engineering students experiment with different materials to test their properties and suitability for various engineering applications.

COMMUNICATIONS LAB

Students can experience hands-on learning with communication systems, signal processing, and networking technologies.

CYBERSECURITY LAB

In this cutting-edge lab, students indulge in practical sessions on securing software, networks, and data from cyber threats.

HANDS-ON CODING LAB

In this innovative lab students can apply coding skills in real-time, solving practical problems and building projects.

MOLECULAR BIOLOGY LAB

This extensive lab allows students to work on DNA, RNA, and protein analysis techniques, preparing them for research and industrial roles.

EXPERIMENTAL PHYSICS LAB

The lab confers students with the knowledge of experimental techniques in classical and modern physics.

Academic Model:

A Futuristic Approach to Holistic Education

Chandigarh University, Lucknow Campus offers an innovative academic model that stands out with its holistic and interdisciplinary approach. Through flexible structures and personalised learning paths, clearly defined learning outcomes and international pathway programs, students gain the skills and knowledge needed to excel in their chosen fields.

Your Guide to Campus Facilities

Modern Hostels

Our modern hostel facilities provide students with a safe and conducive living environment and are equipped with all essential amenities.

Food Courts

The campus offers food courts, cafes, restaurants, and eateries, catering to the varied tastes and preferences of students and staff.

Banking

Strategically-placed ATMs of HDFC Bank and Axis Bank are available on campus, allowing students convenient access to 24/7 financial services.

Healthcare

From medical clinics to on-campus healthcare professionals, students have access to comprehensive healthcare facilities.

Gymnasium

Students have the opportunity to maintain a healthy lifestyle through gym facilities equipped with modern equipment and guided by fitness experts.

Library

The campus library serves as a hub for academic resources and research materials, offering an extensive collection of books, journals, and digital resources.

Transport Facility

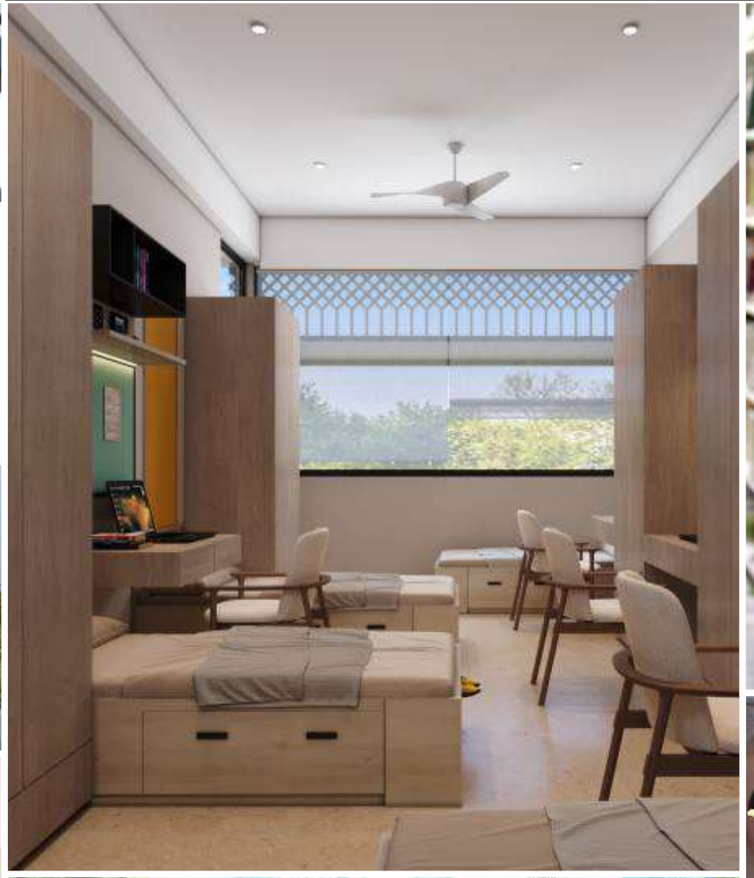

The campus offers comprehensive pick-up and drop-off bus facilities covering 40-45 km towards Lucknow and 50-52 km towards Kanpur.

Sports Facilities

We boast top-notch sports facilities, providing students with indoor sports arenas to outdoor playing fields.
